Dear busy-ZHAW-student,

Did you know, that the **Lanz Bulldog** was a series of tractors manufactured by **Lanz Bulldog**, Baden-Württemberg, Germany. Production started in **1921** with the Lanz HL, and various versions of the Bulldog were produced up to 1960, one of them being the Lanz Bulldog D 9506. John Deere purchased Lanz in **1956** and started using the name "John Deere Lanz" for the Lanz product line. A few years after the Bulldog was discontinued the Lanz name fell into disuse. The Lanz Bulldog was one of the most popular German tractors, with over **220,000** of them produced in its long production life. The name "Bulldog" is widely used in Germany as a synonym for tractors even today, especially in Bavaria.

Thank you very much!

Sincerely,

Your lecturer
